NPRP MUD BOG RULES

Introduction

Our mission at Northern Power Race Park is to provide a fun and safe racing experience for those of all ages and skill levels. Entrants, riders, and participants are required to know and understand the rules and regulations outlined here by Northern Power Race Park, LLC and are (by reason of their entry) bound by such. In the case that a rule determination is not defined in these rules, the decision of the Northern Power Race Park Race Director will be final.

Each participant has the responsibility to assess the safety aspects of the track facilities and conditions and must assume all risks associated with the competition. Northern Power Race Park, LLC does not provide medical insurance coverage. We strongly encourage you not to compete without adequate personal medical insurance coverage. If you have any doubts, at any time, about your personal ability to participate in any event, if you have not sufficiently prepared yourself and your equipment, or if you believe your personal insurance coverage is not adequate to compensate you for any loss that may occur, you should not participate.

If you need more information on the rules please contact Rene at rene@northernpowerracepark.com.

Any addendum to these rules/information that occurs during the period these rules are in effect will be posted on the website and highlighted in red in the rule book.
